

SHIP TORPEDOED AND SUNK BY ENEMY SUBMARINE

Many Jobs Shifted Today; Young Men To 'Work or Fight'

Eating Houses, Ribbon Counters, Race Tracks Lose Chaps of Draft Age

WASHINGTON, July 1.—The race tracks lost some fancy followers and the army gained some fighters, while the munitions factories and shipyards found a fresh source of war workers today.

The ribbon counters were adorned with women instead of men; clubs and hotels had waiters with creaky knees instead of speedy youths.

All of this because of Provost Marshal General Crowder's "work or fight" order, effective today.

Later the order will be extended, reaching further into non-essentials or less essential classes. Draft boards throughout the country will check up fully to see that gilded gamblers, show attendants, waiters, clerks and men of many other callings either join the army or do a man-sized work in war industries.

New York Round-Up Begins

NEW YORK, July 1.—Seventy men were rounded up here early today and served with subpoenas under the new work or fight orders which went into effect in double force here today. The state law requires that men from 18 to 50 be employed at least 36 hours a week. The federal law is much more rigid but includes only those within the draft age.

The district attorney's office started first after gamblers, idlers, ticket speculators, poolroom habitués, parasites, tearoom loungers, criminals, park loafers and others. Later other classes will be included. Many hundreds of men left their former places of employment yesterday and sought new ones today. Many women were in places formerly held by men.

It was estimated that 40,000 men would be affected in New York by the order.

United States Casualty List

PERSHING'S LIST

WASHINGTON, July 1.—General Pershing reported 49 American E. F. casualties today, divided as follows:

Killed in action, 5; died of wounds, 4; died of disease, 7; died from aeroplane accident, 1; died from accident or other causes, 5; wounded severely, 26; missing in action, 1.

The list follows:

Killed in action: Lieutenants N. R. Gray, Louisville, Ky.; C. A. Johnson, Grand Rapids, Mich.; Corporals F. A. Morgan, Litchfield, Conn.; J. J. Simcoe, Philadelphia, Pa.; Private R. J. Weiss, Philadelphia, Pa.

Died of wounds: Privates A. Bruno, Yonkers, N. Y.; J. L. Dixon, Blackshear, Ga.; E. H. Jackson, Clarksburg, Ark.; N. G. Russell, Amory, Miss.

Died of disease: Sergeant C. C. Foust, Dayton, Ohio; Corporal G. H. Counts, Mulberry, Ark.; Privates J. A. Dadds, Decatur, Ill.; J. Jackson, Cordele, Ky.; S. E. Lynch, Brooklyn, N. Y.; J. Palmer, Vance, S. C.; F. W. Whittemore, Nashua, N. H.

Died of airplane accident: Lieutenant G. T. O'Laughlin, Racine, Wis.

Died of accident and other causes: Corporals J. H. Doran, Jr., East St. Louis, Ill.; J. Gallagher, Ireland; Privates H. P. Payson, Kansas City, Mo.; M. Purvis, Sumner, Mo.; L. Williams, Lexa, Ark.

— W. S. S. —

'GARABED' FAILURE SAYS GOVERNMENT

WASHINGTON, July 1.—"Garabed," which was to revolutionize the world by the production of unlimited free energy, is a failure. This was the report of the board of government scientists appointed by congressional resolution made public by the Interior Department here today.

The official report to Secretary Lane follows: "Garabed T. K. Giragossian showed us on Saturday a model embodying the principle of his

PRESIDENT ASKS WILL RECOMMEND TO TAKE OVER U. S. CONTROL OF AIRPLANE FACTORIES

Government Control of Telegraph and Telephone Lines Soon Be Reality

WASHINGTON, July 1.—President Wilson today asked congress for power to take over the telegraph and telephone lines.

In a letter to the state commerce committee of the house, he endorsed letters sent simultaneously to the committee by Postmaster General Burleson and Secretary Daniels saying that the power asked was necessary to prevent suspension of service on telegraph lines and to guard military secrets and government communications.

This was regarded today as indicative of President Wilson's purpose to prevent a strike of telegraphers threatened by order of President S. J. Konenkamp of the telegraphers union for July 1.

As a result of the president's letter, the Aswell resolution granting the power requested will be reported to the house late today. There is no disposition in the committee to withhold the power but the committee wants time to gather facts and data so as to be prepared to rush the resolution through the house.

The only amendment proposed in the committee was one providing for return of the systems six months after the proclamation of peace. No definite action was taken on the amendment.

The president advocated passage of the Aswell resolution, which would empower him to take over not only the telephone and telegraph lines but also the country's cable lines and radio systems.

Proposed W. U. Strike July 8

CHICAGO, July 1.—Monday, July 8, is set for the proposed strike of Western Union telegraphers. President S. J. Konenkamp of the Commercial Telegraphers Union made public the date today. Konenkamp claimed that 26,000 employees of the Western Union would quit work at 6 a. m. Central time.

"The strike of the Western Union alone is necessary because of the company's continued determination to destroy our organization," said Konenkamp. "The grievances to be adjusted are those set forth in President Wilson's letter to the Western Union Telegraph company as (1) the reinstatement of over 800 employees locked out contrary to the terms of his proclamation of April 8, 1918 and (2) to enforce the decision of the National War Labor Board dated June 1, 1918. The strike is not of our seeking."

W. U. President's Comment

NEW YORK, July 1.—"None of our employees is a member of that union, so I do not see how the strike affects us," was the only comment of Newcomb Carlton, president of the Western Union Telegraph company, in replying to the statement that a strike of telegraphers had been called for July 8.

39 KNOWN DEAD IN BUILDING COLLAPSE

31 Bodies Were Recovered Yesterday; Investigation Begins Wednesday

SIoux CITY, Iowa, July 1.—Thirty-nine persons are known to have been killed and a score injured when a four story building of the Oscar Ruff Drug Company at Fourth and Douglas streets collapsed Saturday afternoon, resulting in an explosion and fire. Five persons are reported missing and it is evident that the death list will pass the forty mark before the search for bodies is ended.

Early this morning it was reported that all of the injured taken to hospitals are recovering.

Yesterday thirty-one bodies were recovered. Hope that persons in the debris might be alive was abandoned early in the day.

The greatest loss of life occurred in the Chain grocery and Beaumont meat market, the buildings adjoining the drug store. More of the bodies removed from the two buildings were women. Five of them have not yet been identified.

Most of the bodies were burned or mutilated beyond recognition.

Thousands of spectators crowded about the fire lines all day yesterday but only those who had relatives or intimate friends among the missing lingered long to view the ruins and watch the rescuers at their gruesome work.

Other thousands of persons from adjoining towns and cities arrived in automobiles during the day to catch a glimpse of the ruins.

It was reported there were only a few cases of men overcome by gas. Hundreds of Red Cross nurses rendered first aid to those who required attention. Hot coffee and sandwiches were also provided by the Red Cross women workers and the rescuers lunched as they worked.

Justice of the Peace D. C. Brown, in an announcement made late last night, stated that an inquest will be held within the next few days. Justice Brown has been requested to conduct the investigation. He stated there was urgent necessity of an official inquiry. Several witnesses already have been informally summoned and the investigation will probably begin Wednesday.

— W. S. S. —

'CALIFORNIAN' CREW LANDED IN FRANCE

WASHINGTON, July 1.—The crew of the American steamship Californian has been landed at a French port, the navy department announced today.

Several days ago Vice-Admiral Sims reported that the Californian had struck a mine and was sinking.

The Californian was an American vessel of 9125 tons and was being used as an army supply ship.

— W. S. S. —

COMPLETES 50 YEARS IN POSTAL EMPLOY TODAY

SAN FRANCISCO, July 1.—C. R. Morris, oldest employee of the San Francisco post office, completed 50 years in his present job today.

Morris became an employee of the San Francisco post office July 1, 1868, after serving in the Civil War.

FRENCH MAKE GAIN ON FIVE MILE FRONT; ITALIANS TAKE 1500 AUSTRIAN PRISONERS

19,000 Were Taken on Piave; American Airmen Fly 403 Miles From Milan to Rome; America to Celebrate the Fourth By Launching 13 New Destroyers; Allies Gain Prisoners In Several Successful Raids.

LONDON, July 1.—The British hospital ship Llandovery Castle was torpedoed and sunk by a German submarine Thursday night, 160 miles off England with a possible loss of 234 lives, because the submarine captain believed the ship had American aviation officers aboard.

The captain of the vessel denied this but the Germans made no investigation.

The steamer was homeward bound from Canada and had no sick or wounded aboard. Twenty-four of her crew have reached port. There were women nurses aboard.

LONDON, July 1.—The Italians have captured Col-del-Rosse and Timel, re-establishing their lines at that point as it was before the Austrian offensive.

LONDON, July 1.—Sailors of the Russian Black Sea fleet blew up a dreadnaught and several cruisers of the squadron rather than let them fall into the hands of the Germans, according to an undated dispatch received from Moscow today. The dispatch said that only two mine layers were taken to Sebastopol where the Germans took them over.

Confirmation has been received that the Russian Black Sea fleet has fallen into the hands of the Germans, Chancellor Bonar Law announced in the house of commons today.

AMSTERDAM, July 1.—Internal quarrels in the Russian Black Sea fleet resulted in the torpedoing and sinking of a dreadnaught and several destroyers according to semi-official statements from Berlin, announcing the remnant of the fleet is in German hands.

WASHINGTON, July 1.—Striking suddenly in the upper Asiago region last night Italian troops, with the co-operation of French detachments, captured more than 1500 Austrians, including fifty officers, Rome cables to the Italian embassy today stated.

ROME, July 1.—The total of Austrian prisoners captured on the Piave is 19,000, according to a semi-official statement issued today.

COPENHAGEN, July 1.—Premier Wekerle, addressing the Hungarian parliament, declared that the total Austro-Hungarian losses in killed, wounded and missing in the Italian drive were 100,000, a Budapest dispatch declared today.

"We took more than 50,000 prisoners, while the Italians took only 12,000," he said. In regard to the rumors that we lacked munitions, it is true that our army was never so well provided."

The announcement caused an uproar by the members.

ROME, July 1.—An escadrille of American aviators, piloting Caproni planes, flew from Milan to Rome, a distance of 650 kilometers (403.65 miles). They were under command of Captain La Guardia, former New York congressman.

ROME, July 1.—A huge Italian-American demonstration was staged in Janiculum, a suburb, yesterday. Prominent citizens explained America's part in the war and expressed Italy's loyalty to the allies.

WASHINGTON, July 1.—Thirteen new destroyers will be launched from American yards July 4, the navy department announced today.

BULLETINS

SUBMARINES STILL SEEK TROOP SHIPS

WASHINGTON, July 1.—That German submarines are still lurking off the American coast is indicated by recent navy department messages. These tend to show that operations are on a wide circle, farther out than the original attack on coastwise vessels. Apparently the German intention still is to make a desperate struggle to sink troop ships.

SENATOR TILLMAN IN SERIOUS CONDITION

WASHINGTON, July 1.—Physicians attending Senator Tillman of South Carolina today practically abandoned hope for his recovery. Tillman is suffering from progressive paralysis, his left side is entirely paralyzed. On account of his age, physicians fear he cannot recover. Tillman has been in the Senate 24 years and is chairman of the Naval Affairs committee.

ONE ARMY CORPS FORMED, ANOTHER BEING ORGANIZED

WASHINGTON, July 1.—America's first full army corps consists of 1, 2 and 3 regular divisions under command of Gen. Hunter Liggett. The first division is under General Ballard, the second under General Bundy, and the third under General Dickman. It is assumed another corps is being organized to comprise the first field army which will be under General Liggett.

EXCESS FLOUR PROFITS WILL GO TO GOVERNMENT

WASHINGTON, July 1.—Flour millers were today instructed to average their returns since January 1 and refund to the government all profits exceeding 25 cents a barrel, Food Administrator Hoover announced.

The government will take this excess profit in the form of flour at the rate of \$1 a barrel.

— W. S. S. —

ARROWHEAD WATERS TO TREAT 'GASSED' TROOPS

SAN BERNARDINO, July 1.—An invitation to British, French, Italian, Serbian and Belgian consuls in Los Angeles to send "gassed" soldiers to Arrowhead hot springs, near San Bernardino, has been extended through Collector of the Port John B. Elliott, it was announced today. The plan is to test out the curative powers of the hot mineral waters.

The plan is to establish a miniature tent city for the suffering soldiers. Data as to the effect of the treatment will be turned over to Congressman William Kettner, who has a bill pending in Congress for the purchase of the springs as a convalescent hospital for America.

— W. S. S. —

APPROPRIATION BILL IS VETOED BY PRESIDENT

WASHINGTON, July 1.—President Wilson today vetoed the legislative appropriation bill because of the Borland amendment increasing the hours of government workers but providing no overtime pay.

The President's action holds up appropriations for government workers beginning July 1 and may hold up congressional recess unless the measure is quickly passed minus objectionable features.

WASHINGTON, July 1.—The House today re-passed the legislative and judicial bill without the Borland amendment which was vetoed by the President early in the day.

— W. S. S. —

PARIS, July 1.—French troops advanced their lines on a five-mile front northwest of Chateau-Thierry and in an operation southeast of Osoy took 200 prisoners, the French war office reported today. Minor operations on the other portions of the Marne and Oise fronts resulted in 46 prisoners.

"Near Noyon French raids resulted in the capture of 20 prisoners," the communiqué said. "South of the Aisne the French captured a resistance position north of Cutry and took 26 prisoners."

"The French improved their positions south of the Aisne, between Passy-en-Valois and Vinly (a front of five miles bordering the American sector on the north) and advanced their line eastward of the railway between Chezy-en-Ourcq and Vinly."

"Southeast of Osoy, west of Soisson, sharp fighting following a German counter attack enabled the French to maintain their new positions and to take 200 prisoners."

LONDON, July 1.—The London press was enthusiastic today over the new Italian successes Saturday which resulted in the storming of Monte di Valbella, on the Asiago plateau, with the capture of more than 800 Austrians.

A dispatch from the Italian front said that Austrians issued proclamations forbidding the people in the occupied districts from speaking in public or spreading the news. Military police seized flowers displayed in windows, claiming such acts were seditious.

Austrian police in the occupied districts disapproved of the demonstrations. The Italians, aided by British and French troops, attacked Monte di Valbella at dawn Saturday after an intense artillery preparation. They carried the mountain and later held it against repeated counter attacks.

Against the eastward the Italians also captured an observation post on the southern slopes of Sasso Rosso, taking 350 prisoners.

WASHINGTON, July 1.—"Except for the increase of artillery activity on both sides in the Chateau-Thierry region (Sunday) there is nothing to report," said the American communiqué today.

— W. S. S. —

BRITISH TAKE PRISONERS IN SUCCESSFUL RAIDS

LONDON, July 1.—Successful raids on various sectors of the Picardy front were reported by Field Marshal Haig today.

"A hostile post in Aveluy wood was rushed yesterday afternoon," the statement said. "West of Bernancourt we raided the enemy's trenches and took a few prisoners."

"A successful minor operation northwest of Albert early last night resulted in the improvement of our positions and the capture of 34 prisoners and some machine guns."

"A hostile counter attack northwest of Albert later in the night was beaten off."

"North of Albert, southeast of Arras, east of Robecq and in the neighborhood of Merris and the Ypres-Comines canal there was hostile artillery firing."

— W. S. S. —

MAN, 77, MEETS DEATH IN FIRE AT EUREKA

EUREKA, July 1.—Christ Koch, 77, is dead and two other persons were congratulating themselves on narrow escapes, the result of a fire which burned the home of Mrs. Millie Stubbs here yesterday. Koch's body was burned almost beyond recognition.

— W. S. S. —

OPEN BIDS TODAY FOR BRIDGES AND HIGHWAYS

SACRAMENTO, July 1.—Bids for the construction of two bridges in Santa Barbara county and for over 15 miles of highway were opened here today by the state highway commission.

The highway covered by the bids consists of the following section:

Riverside county, 3 veras county, between T dary and Valley Sprin Placer county, through Peunyn, 2.8 miles; Co the town of Williams,

NEGROES PROVE WORTH. REPEL ATTEMPTED HUN RAID

Dixie Darkies Compare Well With Best Ally Troops on the West Front

BY FRANK J. TAYLOR
(United Press Staff Correspondent)

WITH THE AMERICAN ARMIES IN FRANCE, July 1.—American negro troops proved their value as fighters in the line east of Verdun on June 12, it is now permissible to state. The Germans attempted a raid in that sector but were completely repulsed by the negroes.

The boches began a terrific bombardment at one minute after midnight, throwing over between 3000 and 4000 shells from guns ranging in size from 67 to 340 millimeters. The bombardment was concentrated on small areas. Many of the shells made holes from ten to fifteen feet across.

In the midst of this inferno the negroes coolly stuck to their posts, operating machine guns and automatic rifles and keeping up such a steady barrage that the German infantry failed to penetrate the American lines.

The Americans miraculously sustained only one wound.

"Dixie luck was a-workin' with us," explained one. "We all got knocked down lots o' times but every man got right up."

During the attack the crew of a machine gun was bowled over by a minewrecker attack which made a 15-foot hole ten feet from them. They all got up, remounted the gun and continued shooting until it jammed. Then, despite the terrible bombardment, they fixed it and again turned it on the Germans. This was repeated twice.

The French and American officers reported that the negroes performed like veterans. They obeyed orders promptly, took risky duties voluntarily and compared well with the best troops on the west front. A strong attack was repulsed Saturday, the enemy suffering heavy loss.

An American lieutenant and eighty men successfully raided German positions in Fontaine wood, near Montdidier, Saturday morning, capturing an officer and thirty-five men and inflicting heavy casualties.

In Lorraine American airplanes today conducted several reconnaissance expeditions.

FIFTH AIR RAID IN WEEK MADE ON PARIS LAST NIGHT

PARIS, July 1.—German airmen made their fifth raid in the past week over Paris last night and early today. The first alarm was sounded at 11:59 p. m. A few posts bombarded the raiders. "All clear" was given at 12:20.

At 12:40 another alarm was sounded. Aerial defenses went into action. A few bombs were dropped in the suburbs. At 2:20 "All clear" was again sounded.

BRITISH TAKE PRISONERS IN SUCCESSFUL RAIDS

LONDON, July 1.—Successful raids on various sectors of the Picardy front were reported by Field Marshal Haig today.

"A hostile post in Aveluy wood was rushed yesterday afternoon," the statement said. "West of Bernancourt we raided the enemy's trenches and took a few prisoners."

"A successful minor operation northwest of Albert early last night resulted in the improvement of our positions and the capture of 34 prisoners and some machine guns."

TROTSKY STATES INTERVENTION BE REGARDED AS HOSTILE

Declares Soviets Would Not Enter Alliance With Germany Against Allies

BY JOSEPH SHAPLEN
(United Press Staff Correspondent)
STOCKHOLM, July 1.—The soviets will regard Allied intervention in Russia as a hostile encroachment on the liberty and independence of Russia, but will not enter any alliance with Germany.

This statement was made publicly by War Minister Trotsky, according to Moscow dispatches received here today.

German diplomats in Petrograd, however, are quoted as saying the soviets are not likely to reject German aid in resisting the Allies.

Premier Lenine issued a statement declaring that the Czechoslovaks soon will be wiped out. The soviets sent a special representative to the Allied envoys at Vologda, as a result of which the latter are expected to return from Moscow.

The Germans are continuing their invasion beyond the bounds of Ukraine, also in the Kuban and Black Sea regions. They have landed forces at Kinkal and may seek to reach Vologda, from where they would proceed against the Czechoslovaks despite Trotsky's statement that there would be no alliance for this purpose.

German subjects transferred in parts via Finland have appeared on Lake Ladoga, the final possible refuge of the Russian Baltic fleet.

The Zinamia Bordi of Petrograd reports that the peasant revolt in Ukraine is growing. The Germans, fearing the revolt will disorganize the situation, are hurrying all bread and other foodstuffs out of the country to prevent their destruction.

The peasantry is arming and in many places is fighting desperately against the Germans. Armed detachments are seeking to prevent the Germans from seizing the coming harvest. The former landlords are taking back the land from the peasants with the aid of German troops. The Bolsheviks have lost all their popularity in Ukraine because of the Brest-Litovsk surrender. All landlords in Kozian have been murdered. The Germans are sending punitive expeditions into the villages. Several thousand peasants attacked one of these expeditions near Belo-Zerkoff, wiping out the entire detachment.

Sailors of the Black Sea fleet have threatened to blow up all the ships rather than transfer them to Sebastopol, as demanded by the Germans.

Admiral Schastny, former commander of the Baltic fleet, was shot after a trial in which Trotsky was the only witness. The admiral was accused of counter revolutionary activities.

— W. S. S. —

DENIES KNOWLEDGE OF REPORTED MURDER OF FORMER CZAR

Premier Lenine Issues Statement; Romanoffs In Safe Place, Says Telegram

BY JOSEPH SHAPLEN
(United Press Staff Correspondent)
STOCKHOLM, July 1.—Premier Lenine has issued a statement declaring he has no knowledge of the reported murder of Nicholas Romanoff, former czar, a Moscow dispatch declared today.

The Nashe-Slove reports that friends of the Romanoffs in Petrograd have received a telegram from one of the former czar's daughters saying: "Father and mother are in a safe place."

The Velikays Rossu says the kaiser offered to restore Nicholas to the throne but that the offer was refused. The same newspaper declares the Romanoffs have been transferred to Nottelich, a small town in the province of Viatka. It could not be ascertained whether the former emperor also was taken there.

Kotelich is about 500 miles east of Moscow and the same distance from Ekaterinburg, where the czar was reported to have been murdered.

— W. S. S. —

CONSERVING THE INTEREST
There are now many people in this country who have purchased Liberty Bonds and a movement is on foot all over the nation to induce bond holders of every kind to invest their bond interest coupons in War Savings Stamps and in this way make the interest earn interest. No better way of increasing interest rates could be devised, and already the suggestion has been acted upon by holders of the first Liberty Bonds and doubtless thousands of the subscribers to the second and third loans will follow suit. Why not? By so doing the investor not only helps himself, but helps his government. The amount of bond interest to each individual is small, but the aggregate for the country is enormous, and if the idea is generally carried out a tremendous help will be given the government at a time when the latter will profit almost fold by the transaction.

— W. S. S. —

the country's sake.

— W. S. S. —

It's Ice Cream. It's pure.

GRAND DUKE MICHAEL CALLS UPON RUSSIANS TO UPSET BOLSHEVIKI

Promises Amnesty to All Who Join Revolt; Says His Duty to Restore Order

MOSCOW, June 26 (delayed).—Grand Duke Michael, brother of the former czar, has issued a manifesto declaring that inasmuch as the constituent assembly has been dissolved, resulting in the disintegration of Russia, it is his duty to restore order.

The manifesto calls on the people to overthrow the Bolsheviks and offers amnesty to all participating in the revolt.

— W. S. S. —

WASHDAYS FINE FOR YANKEES IN FRANCE

Doughboys Like to Take Part In Washing Bees About Village Puddle

By FRANK J. TAYLOR
(United Press Staff Correspondent)
WITH THE AMERICAN EXPEDITIONARY FORCES AT THE FRONT, June 1. (By Mail).—What an American soldier doesn't know about washing clothes will not be worth knowing, if this war lasts many months more.

Not that the doughboys are taught laundering, or have to wash their clothes, either. Thereby hangs a tale.

The villages of northern France, where many Americans are serving, do not have all the new-fangled, modern improvements, such as laundries and washing machines, so common in America. If they did have them, the new-fangled things probably would not be used, because their operation would require more new-fangled ideas.

In northern France when wash-day rolls around, usually any day of the week, rather than just Monday, the family washing is taken to the village mudpuddle or to the village stream. Here without a wash-board, as America knows it, and usually with just any old board or a flat stone, the laundress of the family soaks, scrubs, beats, and squeezes the clothes until they are clean. It beats card parties and back-yard fences for spreading the gossip, too, and is practical because time is not lost.

Soldiers at Washing Bees

Not a few family laundresses are daughters of the blossoming age. Hence the popularity of these "washing bees" with the doughboy. He picks up a few words of French and joins in the conversation, so far as his vocabulary permits. He is always popular, and is the guest of honor always "among those present." It is a common sight to see several doughboys gathered around the village washing place.

Now and then some "natural-born lady killer" is allowed to scrub a few clothes for a pretty French damsel. These chaps are the envy of the company, and incidentally they are the ones that the French girls think would make good husbands.

Probably they would, though they might not then make good washermen.

— W. S. S. —

TOMATO GROWERS ARE ADVISED OF FLEA-BEETLE DANGER

Tomato growers of Southern California districts should be prepared to combat a serious infestation of flea-beetles during and directly after the coming potato harvest, if their acreage is in close proximity to potato fields. Many tomatoes have been planted between potato rows and where this is the case the damage will be especially severe unless preventive measures are undertaken.

While the potato plants are growing in the field, the beetle (a small brown leaping insect which eats small holes in the leaves) will cause little harm to the tomatoes, but when the potatoes are removed the beetles will settle upon the tomato plants literally in swarms and considerable serious damage will result.

Bordeaux mixture at 4-4-50 strength will act as a repellent, being distasteful to the insects. It is advisable to mix with each 50 gallons of Bordeaux, two pounds of lead arsenate powder as this will act as a poison to those individuals who may continue feeding in spite of the repellent mixture.

The material must be applied to both sides of the leaf surface if it is to be effective. If but the upper leaf surface is coated, the results will not be sufficient to pay for the work.

Bordeaux mixture may be purchased from insecticide dealers or seed firms, or prepared as follows:
Bluestone—4 ounces.
Quicklime, 4 ounces.
Water—12 quarts.

OR
Bluestone, 4 pounds.
Quicklime—4 pounds.
Water—50 gallons.

Dissolve the bluestone in a wooden or earthenware vessel, using hot water. Dilute with half the water. Do not use tin or other metal containers, as they would be spoiled. Slake the lime by adding water, a little at a time. When reduced to a milky fluid, dilute with the rest of the water and strain through doubled cheesecloth or a brass wire strainer of 18 meshes per inch and pour into it the bluestone solution. Stir well and apply at once. This is best when prepared fresh for each using.

— W. S. S. —

Thrive by thrift.

AMERICAN HELP WILL BE SENT VIA SOVIET COUNCILS

Informal Aid Will First Be Extended Through Local Governing Bodies

By ROBERT J. BENDER
(United Press Staff Correspondent)
WASHINGTON, July 1.—The American government is about to do business with the scattered Russian soviets, the councils which run the Slav communities.

While not according official political recognition to the Lenine-Trotsky government, this nation is forced to extend its forthcoming aid to Russia through the best available channels. In the present decentralized government of that country the soviets are the only channel sufficiently organized to deal with.

Utterly opposed to the principles of the Lenine-Trotsky organization and hoping that the time may not be far distant when a democratic government may be set up in Russia that will observe the rules of well established regime, the president is restricting America's aid to such economic help and aid as America can send informally through the medium of the soviets.

This aid, however, it is confidently hoped, will develop the foundation work of government for Russia and the means for later far-reaching policies of assistance which may serve to re-establish an eastern front.

— W. S. S. —

DEBS PROMISES BAIL TODAY; HELD UNDER ESPIONAGE ACT

Former Socialist Candidate For President Indicted on Ten Counts

CLEVELAND, July 1.—Eugene V. Debs, socialist leader, was arraigned before Federal Judge Westenhaver today and through his counsel, Morris M. Wolf, waived the reading of the indictment which led to his arrest yesterday. Debs was granted the privilege of pleading when he appeared for trial, which was set for July 30 or soon thereafter. Bond was fixed in the sum of \$10,000. This, Wolf said, would be given during the day.

The indictment, which charges Debs with violating the espionage act, was returned by the federal grand jury late Saturday as a result of a speech he made at the Socialist state convention in Canton, Ohio, two weeks ago.

Cleveland Socialists collected a "defense fund" of \$800 at a meeting which Debs was to have addressed here yesterday.

There are ten counts in the indictment against Debs, all of them based on his Canton address. If found guilty, the maximum penalty would be a fine of \$10,000 and imprisonment for 20 years.

Debs has been the Socialist candidate for president at four elections. After his arrest he received word from Terre Haute, Ind., his home, that the Socialists of the Fifth Indiana district had nominated him as a candidate for congress.

Debs said he expected on release to leave at once for Terre Haute. He announced he would not make any speaking engagements pending his trial.

After arraignment Debs was confined in the federal marshal's office.

Attorney Wolf objected when Westenhaver set bail at \$10,000. Westenhaver said it is not the desire to keep the defendant in jail and though the indictment charged a serious offense against the government, the court was disposed to deal with the case just as any other.

— W. S. S. —

WHOLESALE ATTEMPT POISONING WOMEN IS DISCOVERED

Several Members of Service Association Suffered From Ill Effects

SAN FRANCISCO, July 1.—A wholesale attempt to poison guests at a luncheon of the Women's Service Association was disclosed today by police at the Fairmont hotel.

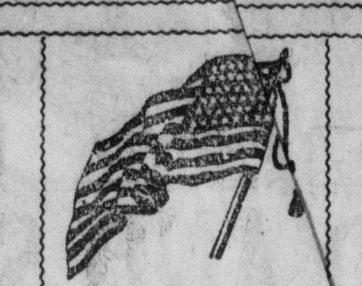

Miss Marion Russell and Mrs. F. A. Swain were said to have suffered from the effects of poison in the food they ate at the luncheon, and other guests became ill.

A crude notice was found tacked to a wall in the hotel kitchen. It was signed "German and Austrian employees of the Fairmont."

Guests at the luncheon declare they received anonymous telephone warnings that attempts would be made to poison them.

The Women's Service Association has been engaged in finding employment for soldiers' wives. Officers of the association declare they have been targets for a studied campaign of abuse by men in whose positions they tried to put women.

Red Cross Activities

The Girls' War Service League had planned a garden fete in Tustin, July 9, at the home of V. V. Tups, but—hark ye! They will instead have an "indoor garden fete," the evening of July 12, in the basement of Ellis hall. One little dime will pay for a mission and an attractive program.

There will also be many unusual concessions to entice you, refreshments to tempt you; "jittery dances" to delight you; charming girls to dazzle you; a glamour of fairyland to lure you. Everybody come as the money goes to the canteen fund, a worthy cause.

Miss Gertrude Montgomery, who is the county organizer, is also president of the league, Miss Bess Wood is vice president, and Miss Marjorie Ellis, the secretary-treasurer. If you wish to help them by donating sandwiches, cake, etc., please telephone one of these girls. Any help will be appreciated.

Three hundred seventy-one pairs of socks were turned in this past week. Keep them coming, all are needed and many, many more.

Mrs. J. P. Hatzfeld donated eighteen hanks of colored yarn, which was most acceptable to all concerned.

Another shipment of yarn was received from San Francisco. If the stitches show very plainly in the knitting, do not feel unduly concerned, as the wool is part goats' wool and does not work up the same.

Army will be closed Thursday, the Fourth of July.

Donations of a lot of fine toilet soap and a quantity of saucer peaches are thankfully acknowledged by the Shop.

Calls for childrens' worn clothing exceeds the supply. Housecleaning time should help the Shop—in regard to donations of unnecessary articles usually unearthed at this season of the year.

All are welcome, but the regular patrons of the lunch room at the Armory are those engaged in the Red Cross work each day; those who visit the Armory from the branches throughout the county; teachers now on vacation, and the ladies who serve the luncheons each day. No one is served free—all are served alike and pay the same price for all food consumed.

The Junior Red Cross served the Thursday luncheon at the Armory and it is safe to say that Thursday will be a popular day under the management of these young ladies, who have pledged themselves for Thursdays. They cleared \$14.40 June 27.

Busy Housekeeper: Why not take a vacation today or tomorrow and bring your family to the luncheon at the Armory? A rest from the responsibility of the noon-day meal will be a wonderful help and saving of time during the housecleaning or fruit canning season.

If anyone has fruit going to waste the Red Cross Shop will furnish cans and sugar for putting it up. Call Mrs. Shafer, 738-J.

Please bring back all dishes loaned from the Shop dining room. Of two dozen soup bowls bought and donated to the Shop, but nine remain. Plates also are missing. Please be very sure to hunt up and return all dishes you may have taken and forgotten to return.

A booth has been erected at the corner of Sixth and D streets, Tustin, by the Tustin Red Cross and is open from 10 a. m. to 5 p. m. Everything is there for sale from a pair of kids (goats) to cooked foods.

Anyone who has fruits or vegetables to donate, is asked to mark the prices upon them.

— W. S. S. —

YANKEE HORSE GETS FINE LANGUAGE WORK

BY FRED S. FERGUSON
(United Press Staff Correspondent)
WITH THE AMERICAN FORCES IN PICARDY, June 6. (By mail).—The American horse is an apt linguist.

Sold overseas to the French from America during the first three years of the war, he had to learn French to understand his new masters. Then sold back to Americans for service with his own army after the United States entered the war, he had to learn American all over again.

Hundreds of these American horses were bought from the French when the first forces from the United States landed. The drivers were constantly in trouble, and at first couldn't understand the reason.

"I had a team out during a review," said one driver, "and couldn't make 'em budge. I yelled 'git-up' and everything else at 'em, and they just sort of looked around like they thought I was foolish. Then I remembered that I heard a frog yell 'Alley' at his horses. I yelled 'alley,' and away we went."

The horses now are a good deal like the soldier. They'll respond to either French or English.

— W. S. S. —

Dr. Magill

THE PERPETUAL BOYCOTT

The American Defense Society is starting a campaign to get 20,000,000 signatures to a boycott pledge directed against Germany. The pledge is worded as follows:

"That I may not directly contribute financial aid to the German military policy with its disregard of international law, its attacks on unfortified towns, its massacres of the innocent and the helpless, its enslavement of peoples, its use of poison gas and flames, its ignoring the Red Cross badge, its bombing hospitals, and its torpedoing defenseless merchant ships, I pledge myself never to buy any article made in Germany."

The temptation to do something of this sort is great. It may be readily agreed that such a campaign is justified morally. But for all that, one may doubt whether it is wise or desirable.

"Never" is a long time. Who, having solemnly undertaken never to buy another article made in Germany, can be sure of keeping his word? Who can be sure that he will always want to keep it?

Morally, the situation may change. Suppose the German military power is crushed and the German people set up a decent, responsible government, under conditions insuring the removal of the Prussian menace. We might then feel like trading with Germany again.

The boycott, too, is a two-edged sword, which may cut the smiter as well as the smitten. If the Allies were to set up an absolute boycott against Germany after beating her into submission, how could Germany pay the damages that she ought to pay? How could she restore Belgium and recompense France?

Trade, moreover, it always mutual. Profitable trade profits both parties. Nations get rich by trading with each other. The impoverishment of any nation limits the prosperity of other nations.

These are mere A B C principles of economics. We cannot set them aside if we want to. Let us adopt every practicable method of crushing German autocracy and making the world's future secure from military menace. Let us punish the criminals. But let us be careful lest in the process we unwittingly punish ourselves.

THE BLUE AND WHITE FLAG

There is a new flag in the international firmament. It is the blue and white banner of Judea, which is being unfurled as a companion to the flags of England, France, Italy, America and other allied nations.

"It is appropriate," says a Zionist leader, "that the Jewish flag should wave beside the banners of the Allies, because the Jews of the world, though scattered in every land, are nevertheless unanimous in the one purpose of crushing Prussianism."

Their natural instincts and traditions have led the Jews to this attitude; theirs was the first democracy of recorded history, and one of the freest and greatest. The Jew has been through the ages an exemplar of individualism. It is inevitable that today the sympathies of any Hebrew, regardless of his birthplace, should be with the group of nations that are fighting for the world's freedom.

Gratitude plays its part, too. It is the Allies that have wrested the Jewish Holy Land from the defiling and blighting clutches of the Turk, and given the promise of restoring it to independence and making it a fit homeland for the scattered tribes of Israel. There they will have once more, as in the time of David and Solomon, a center for the development of their own culture. They will have, too, headquarters for intellectual and philanthropic work of world-wide scope.

If present plans mature, there will be a republic founded on idealism no less pure and absolute than that which animated the founders of our own nation.

MEXICAN LABOR

The war changes everything, including labor standards. Some of the barriers raised up against alien labor in normal times are now being let down. It is a condition and not a theory that confronts us. There is no question now of "protecting" American labor—that labor has more employment than it can fill, much of it at better wages than it ever dreamed of. The nation, drained of so much able-bodied manhood for military use, and faced with the need of doing more work than ever, must get fresh supplies of labor somewhere, especially unskilled labor.

Machinery cannot fill all the gaps; we must have more human workers.

The federal department of labor is therefore letting down the bars in certain cases. The importation of Mexican labor is being facilitated by the removal of customary restrictions, provided the workmen are to be used in agriculture, on railroads or in coal mines. The order frees the immigrant from the head tax, the literacy test and the contract labor rules. Similar action is being taken with regard to workmen from certain other countries.

The arrangement is temporary, for the duration of the emergency. No legitimate objection can be made to it, so long as the national doorkeeping is well attended to, and the right is reserved to dismiss these ordinarily undesirable immigrants at any future time, if it develops that we no longer need or want them. Orange county particularly is pleased with the arrangement to bring the Mexicans in when needed and to return them to their own country when their period of employment ends. We want the future welfare of the American workingman planned for and watched over.

Calling Bluff of U-Boat Warfare

From the Berkeley Gazette

The only thing irregular about the attack of German U-boats on our shipping is that they failed to have it come the same day they were making their big drive in France. It will be remembered that when they drove before on March 21, they began the same day bombarding Paris with their 75-mile gun, and started their "subs" on a special attack. Their theory is that by making these examples of frightfulness all in one spectacular attack, they can terrify the entire world into submission.

The American people, however, are used to bluff games. They have met bullies before. They refuse to be turned from their purposes by efforts to scare them out of their boots. They will not be bulldozed or terrorized.

There will be some shipping losses on this side of the ocean, but they need not be heavy. They will be largely due to carelessness on the part of sea captains. No doubt if the U-boats get thick in American waters, it will be necessary to have coastwise merchant ships convoyed, and regularly patrolled lines of navigation established.

The ships that are sunk will be mostly those whose officers recklessly think they can ignore warnings and take chances in dangerous territory. The transports carrying soldiers will be practically safe, as there will be enough destroyers to watch over their voyages.

The U-boats keep carefully away from our agile little war chasers. The transports that have been torpedoed were those coming home, or in one case, off the north coast of Ireland outside the regular course to France. So let not the folks worry much on this score.

Linking Nations With Steel

From the Sacramento Union

While the interest of the people of the world is naturally centered in the events of the war itself, unnoted developments are in progress which will tremendously affect the world when peace comes.

Because of the completion of the British military railroad from Egypt to Jerusalem and the construction of a great bridge across the Suez canal, it is not possible to travel by rail from the Holy City to Cairo.

In spite of the war, work has continued on the Cape to Cairo railroad and recently the Congo river system with all its enormous wealth was brought into rail communication with South Africa.

Before many years pass, it will be possible to travel by rail from the heart of Europe to Capetown via the Holy Land and Cairo.

In the course of a speech in the house of commons a few days ago, Sir Arthur Fell, chairman of the house tunnel committee, said that with the construction of a tunnel under the channel, it would be possible to run trains without a break from London to Constantinople. Later, when normal conditions were restored, the passenger could travel direct from London to Calcutta, Capetown and Peking.

To the war the world at peace will owe a debt of gratitude. Because of the needs of war, great strides are being made in the construction of transportation lines, which could not have been built in generations in times of peace.

Rails and wire are being used to link the various countries together in bonds of close relationship, based on mutual advantage.

Germany entered the war to conquer the world. She has brought the other nations into closer relations than would have been possible under any other circumstances.

Bud Flivver's Observations

*** Fred Mixum just got back—From a trip—To the city—And he says he don't see—How people there—Live more than a year—

*** And he says—All the automobiles in town—Try to run over a fellow—And nobody seems to care a hang—Just so he saves—His own neck—

*** And Calvin Wigmore—His second cousin—Has an office—On the eleventh floor—Of a big skyscraper—

*** And he wanted to see him—And he got in an elevator—And he said—The thing went so fast—He couldn't see the numbers—

*** And he said—He went to the top—And came down again—Before he could—Catch his breath—And tell where he wanted off—

*** And he said—The elevator motorman—Turned and asked him—Was he riding for pleasure—Or did he—Want off somewhere—

*** And he said—He couldn't see any pleasure—In getting dizzy—And everything—And he got out—

*** And he got in another elevator—And he told the man—He wanted off—At Cal's place—Wherever that was—

*** And a lot of others—Got in and they were—All saying numbers—And the thing started—

*** And it stopped short—And the motorman said—"Seven out"—And only one got out—And he started again—

*** And he stopped and said—"Nine out"—And only three got out—And he started—The tangle thing again—

*** And when they—Got to the top—The man asked him—Did he want to—Go out on the roof—Or go down again—

*** And the thing dropped away—And pretty quick—The man said "One out"—And he was the only one—And he got out—

*** And as soon—As his brain got clear—And his heart got quiet—He stood in a corner—And waited for Cal—By Bud.

Just Groans and Grins

TO FRIEND HUSBAND

I've beamed when you hollered, "Oh, Girlie!"
I've hopped when you bellowed, "Oh, say!"
I've fallen for "Dearie" and "Missus"

And everything else till today;
But there's one thing that's got to be different;
From now till the great war is done—
Unless you're prepared for a riot—
You've got to quit calling me "Hun!"

—Boston Herald.

"Pa, what branches did you take when you went to school?"

"I never went to high school, son, but when I attended the little log school house they used mostly hickory and beech and willow."

Staff colonel—"Your reports should be written in such manner that even the most ignorant may understand them."

Sergeant—"Well, sir, what part is it you don't understand?"—Christian Register.

TEMPERANCE FILM IS ONE OF REAL COMEDY

"Hit the Trail Halladay," famed by George Cohan, is to appear at the West End tonight. This is declared to be the best temperance picture on the screen. The film is a laugh all the way through, and any film fan who likes comedy will get it in this show. Tomorrow De Mille's "Old Vives for New," is to be shown at the West End. It will be shown the next day, too.

Miss Leta Smith and Henry I. Padgham Married at Impressive Ceremony

Simple but very impressive was the marriage ceremony solemnized in St. John's Episcopal church, Los Angeles, on Saturday morning at 9:30 o'clock, when Miss Leta Smith plighted her troth to Henry I. Padgham, son of Mr. and Mrs. Alva J. Padgham of this city.

The wedding was a quiet one, only relatives and a few immediate friends attending. The bride wore a gown of white tulle, and the groom a suit of dark cloth. The ceremony was performed by the rector of St. John's, Rev. George Davidson.

At the close of the ceremony, an informal reception was held, the young bride and groom being showered with hearty congratulations. They left immediately for San Francisco, where the groom will be at the Presidio for military training.

Mr. and Mrs. Padgham are the recipients of many beautiful gifts, including silver, cut glass and china. Besides Mr. and Mrs. Padgham, the bridesmaids were Miss Rosa Boyd, Miss Katherine Edwards and Dr. J. P. Boyd.

For attractive looks and the best of wear clothes must be given proper care. Leave it to the Sutorium. Call 279. P. L. Briney, Prop., 309 E. Fourth street.

BIRTHDAY DINNER

Mr. and Mrs. W. E. Gipson
Hosts Honoring Anniversary
of Mrs. L. C. Layton

A very delightful dinner was given on Friday evening last, when Mr. and Mrs. W. E. Gipson of Garnsey street entertained for Mrs. L. C. Layton, who celebrated her birthday anniversary on that day.

Dinner was served at 7 o'clock, the table being prettily decked with dainty sweet peas and a cake with twinkling candles. Besides the hosts and honoree, covers were laid for the latter's mother, Mrs. Clara Gilmore of Hemet, Miss Lottie Morris and Ernest Layton.

Mrs. Layton was presented with a beautiful set of dishes and the evening was pleasantly passed with music and social chat.

HER TENTH BIRTHDAY

Thelma Patton Enjoys
Party of Happy
Saturday

The home of Mrs. M. A. Patton on West 15th street was the scene of a birthday party on Saturday afternoon, when the daughter of the household, Miss Thelma, celebrated her tenth anniversary.

The children spent the afternoon on the lawn enjoying a delicious picnic. Refreshments were served in the dining room, which was decorated with daisies and blue and white crepe paper.

Those invited to Thelma's party were Helen Bowers, Florine Meyer, Ivy Helm, Margaret Hutchings, Evelyn Farnsworth, Ruth Rowell, Gwendolyn Tubbs, Adelaide Spencer, Cynthia Kerwin, Lizetta Phillips, Lucille Barbara and Bobbie Goodrich, Doris Hayes, Virginia Slabaugh and Helen Smiley.

Nurses Entertained
The Orange county hospital nurses entertained the Santa Ana hospital training school nurses at a pleasant party at their home on Saturday evening.

Refreshments were served in the pretty dining room, which was artistically decorated in palms and Shasta daisies.

Games and music were the features of the evening, seventeen being present.

Junior Red Cross Work
All the mothers of Jefferson school who can do Junior Red Cross work are requested to meet at Jefferson school tomorrow at 2 p. m. for sewing. All who can do home work can secure cut-out garments from Mrs. C. F. Smith.

Leipsic's Employees Entertained
Employees at Leipsic's were royally entertained at Balboa Friday evening by Mr. and Mrs. H. Leipsic. There were about twenty in the party and they had a delightful evening dancing, boating and bathing, to say nothing of the good "eats." The employees greatly appreciated the courtesy of their hosts.

Gifts Are Appreciated
Miss Hazel Bemis is in receipt of an appreciative letter from the French Society for Relief of Wounded Soldiers in response to gifts recently sent.

"We are in receipt of the splendid shipment of garments and articles from the Lincoln school and the Mexican Red Cross of Santa Ana," reads

the missive. "Thank you very much indeed for these useful things. We especially wish to mention the donation of the Mexican Red Cross of Santa Ana, and to thank them most heartily for their very kind donation."

Intermediate Junior Red Cross
Last Tuesday Mrs. Roberts and Mrs. Baird had the help of Mrs. Haskell, Mrs. Mac Robbins, Mrs. Garnett, Mrs. Stone, Mrs. Wasser, Mrs. Van Dorn, Miss Wasser, Kathryn Van Dorn, Hazel Graham, Muriel Clapp and Hazel Miller. Mrs. N. L. Galbraith came for sewing and took home with her two chemises and two pairs of drawers on which to sew, as she could not stay. The ladies have new material on which to work. If you call any of them up, they will be glad to send a chemise, pair of drawers or a girl's dress home to you to make, but if you come for the garment yourself you can see it made up in the model and get it done much more quickly. Jean Winslow took some garments last Tuesday and we will have more tomorrow that girls can do. Will some of the Intermediate girls come to help distribute garments and bring the names of some of the mothers who will work, please?

Florence Turner Celebrates
Tiny little Miss Florence Turner happily celebrated her fifth birthday on Saturday afternoon at her home on East Chestnut with a group of fourteen little friends.

The afternoon hours were pleasantly spent on the lawn with merry games dear to childish hearts. Ice cream and cake were served with a table set outside and decorated with pink and blue bouquets fashioned of Cecile Brunner roses and bachelor buttons. The cake was topped with five candles, but the naughty wind did blow little Miss Florence time to blow them out.

The little maiden was presented with a number of nice gifts, with which to remember the joyful occasion.

The children enjoying the afternoon joys were Marcia Keeler, Margaret Turner, Barbara Horton, Marjorie Burns, Frances Birtcher, Sherrill Spurgeon, Marian Parsons, Eva McNeill, John Keeler, Teddie McWilliams, Emrys White, Louis Hanson, Laurence Betts, Andrew Wilson, J. D. Parsons and George Horton.

Weak, Run-Down Women
This Letter Will Show You How Other Women Keep Up Strength
Cleveland, Ohio.—"I keep house for my husband and myself and got into a weak run-down condition. No strength, languid and no ambition. After doctoring for a while and getting no better I tried Vinol and to my surprise it built me up and strengthened my whole system."—Mrs. Wm. D. Dawson.

The reason we guarantee Vinol is because it is a constitutional remedy containing iron and cod liver peptones, iron and manganese peptones and glycerophosphates, the most successful tonics known. Rowley Drug Co., and druggists everywhere.

—Adv.
Old tires retreaded. Guaranteed 3500 miles. Excellent workmanship and best materials. Orrin Denny, 803 S. Main.

W. S. S.—
Spend your vacation at Big Bear Valley, \$12.00 round trip by Crown Stage. Phone Pacific 925; Home 2023.

W. S. S.—
Five gallons oil, \$2.15. Bring cans. Orrin Denny, 803 S. Main.

W. S. S.—
Buena Park is becoming a noted shipping point for vegetables. Several cars of potatoes are loaded each day now, seven cars being shipped one day recently.

Good progress is being made in the construction of new buildings on the site of Joannes Brothers Company for a chili pepper dryer at Buena Park. Extensive cement foundations are already laid and it is expected all will be in readiness when the chili picking is on. Large acreages of peppers are being planted in that locality.

L. E. Miller of Anaheim has received a letter from his son, Edwin Miller, in France, expressing confidence in the success of American arms. He says that he may shortly be addressing letters from "somewhere in Germany" instead of "somewhere in France," as the American troops are confident that will soon be possible.

John Shaffer of the Cash Market at Anaheim, will leave next Friday for San Diego to enter the naval training station at that place.

Mrs. R. C. Hein has received word from her brother, Albert Hess, who has been stationed at Camp Lewis for the past six months, that he is on his way to New York and expects to soon be in France.

Miss Josephine Scott, daughter of M. R. Scott, endeavoring to master a motorcycle Saturday, lost control, and the machine ran into a telephone pole. The girl was badly bruised and has a cut over one eye.

Little Evelyn Kingston, who has been visiting her grandparents, Mr. and Mrs. C. A. Kingston, fell from a tree while at play Saturday and broke her left arm.

A card received today from Robert Collins, son of C. C. Collins, states that he is on his way eastward from Camp Lewis. This is taken to mean that Collins will soon be on the sea bound for France.

Miss Mildred Bowen of Buaro, for a time stenographer at the local exemption board, has received appointment by wire to a position as government stenographer at Washington, D. C. She will start for Washington on Friday.

For fear that it has been overlooked, the postmaster wishes to announce that Friday, July 5, at 5:30 p. m., is the last day for submitting sealed proposals for carrying the mail between the Santa Fe depot and the post office. For particulars call on the postmaster.

An Anaheim man, described in the dispatches as Captain William T. Crook, was among American soldiers recently cited for gallantry in action. The list also included the name of Private Henry March of Long Beach. Diligent inquiry at Anaheim today failed to elicit any information about Captain Crook's residence there.

Miss Marjorie Shaw of the city police office has been appointed enrolling agent for the U. S. Public Service Reserve. Miss Shaw is back at her desk today, after an absence of a week in Los Angeles. She was the victim of ptomaine poisoning and was ill all of last week. She was a member of a beach party at Santa Monica a week ago Saturday night. Several of the members of the party were ill the following day, but none was affected as severely as was Miss Shaw.

City Motorcar Chas. Keeley would like to get acquainted with the automobile owner who on Saturday afternoon backed his car into the motor-cycle owned by Keely and did considerable damage. The motorbike was left standing on Broadway near Fourth.

Frank Hessler, the 7-year-old son of Mr. and Mrs. F. C. Hessler of Redondo, died last Saturday night. Funeral services will be held at Ingleswood tomorrow. Mr. Hessler formerly lived in this city and is a brother of H. H. Hessler of this city.

EBELL MEETING

Review of Year's War Work
—\$18,631 Subscribed
to War Loans

The last meeting for the season of the Ebell Society was held Saturday afternoon at Elks' hall. Reports of the various officers and committees, and plans for summer work were important parts of the program. The Ebell was divided for the summer into three sections, one section composed of the members who do not belong to any of the working sections, one to include the Economics sections, and the third to include all other sections except the first two Travel sections, who have served the Monday luncheons at the Red Cross dining room during May and June. Each of these three sections is to serve the Monday luncheons for one month. Mrs. W. L. Grubb will be one chairman, Mrs. E. H. Prince another, and the third is to be appointed later, and Mrs. Grubb would be very glad to receive volunteers for this third chairmanship and anyone who feels that she can arrange to take it may telephone to Mrs. Grubb.

The year book committee requests that any change of address of any club member be reported to Miss Lulu Minter or to Miss Mabel McFadden as quickly as possible, in order that the new year book may have the correct address of every member.

The club stood for a moment in silent tribute to the memory of one of the oldest and best-loved members, Mrs. J. H. Martin, whose death removes one of Ebells' most faithful workers, and one who was an inspiration to all with whom she came in contact.

It was announced that in the very near future, the Girls' War Service League will give a benefit performance, the proceeds from which will be used for canteen service for the convalescent soldiers who frequently pass through here. The date of the entertainment will be announced later.

Mrs. Katherine Wells Smith of the Friday Morning Club of Los Angeles was to have lectured Saturday on "Poetry Born of the War," but owing to a sudden and severe illness she was unable to be present, and Mr. R. A. Maynard very generously filled in the time allotted Mrs. Smith. Mr. Maynard talked very interestingly of the effect of war upon literature, and read several of the really lasting poems produced during the present war. Henry Van Dyke, Alan Segar, Alfred Noyes and Rudyard Kipling were among those whose war poems were read.

The Curators report, given by Mrs. C. A. Gustlin, gives so complete and satisfying review of the year's activities that extracts from it are published hereafter:

A review of the department work of the Ebells for 1917-18 reveals an amazingly broad and diversified program, and in keeping with the spirit of the times, a reaching out from themselves to be helpful to others. This, more than any other one thing, insures that the 245 section members will be interested and enthusiastic, for it almost invariably follows that those sections which devote themselves entirely to self culture finally wane in enthusiasm.

Three Ebells sections, the 1st Economics, 1st Travelers and Tustin Literature have omitted their usual refreshments, helping thereby both Mr. Hoover and the Red Cross, as the money thus saved has gone into this channel. Two sections, Economics 2 and 4, have also aided the Food Administration by demonstrating at each meeting in the luncheons they have served how to plan nourishing but inexpensive and wholesome meals at a cost not to exceed 11-19 cents per plate.

The 6th Economics has turned in 50 finished garments to the Red Cross.

Three sections, the Music, Tustin Economics and 6th Economics either had regular meetings last summer or will have this summer to do war work.

The Tustin Economics has devoted its entire time to Red Cross work and the Tustin Literature has done Red Cross work while they listened at each meeting to the works of a poet and prose writer with the story of their lives.

The 3rd Economics has specialized in knitting, sending 9 sweaters, 12 pairs socks and 2 pairs wristlets to the soldiers.

The two Travel Sections have done a big "bit" by taking over the Red Cross luncheons on Mondays, the 1st for May, the 2nd for June, having donated and served the meals from among their own members. The 1st took in this way \$82.35, which, in addition to \$30 saved from refreshments, made \$112.35 for the Red Cross. The 2nd did not report the amount made. This section also raised a nice sum for the cause at a splendid benefit musicale given in January. All this in addition to an exhaustive study of Russia.

The purely intellectual sections have also been busy, both the Drama and Book Review reporting excellent work.

The Music Section, sympathizing with the movement to make this an American music year, began with our earliest music and followed its development to popular music and one of our latest operas, De Koven's Canterbury Pilgrims. They are gathering used musical instruments and records for use in the camps and a large share of their dues is going to buy new records for this purpose. A portion of

the dues was also contributed to the McDowell memorial fund which is now caring for returned sick and wounded musician soldiers.

The two French Sections have worked faithfully, the beginners having also paid ten cents per member at each meeting, part of which has gone to the Day Nursery and part to the Red Cross. The Tustin Economics gave ten cents apiece at each meeting to the Day Nursery, and among its other good deeds the 6th Economics made 160 garments and donated 8 pairs of shoes and \$3.50 to the Nursery.

An attempt has been made to have a survey of the subscriptions made by Ebells members to Liberty Loan and W. S. S. Certificates. It was impossible to get an idea of the W. S. S. as the pledges had been so largely turned over to other organizations, although the 2nd Travel alone reported \$1047.

The sections have reported \$11,589.31 as having been subscribed to the Liberty Loan, and about \$5000 has been reported by a few individuals, while in addition to the \$2000 pledged by the Ebells Society and \$50 bond by the 6th Economics makes a total of \$18,639.31.

Washington School Red Cross
The Junior Red Cross of the Washington school will meet Wednesday. There will be new goods to cut and a large attendance is desired. There is work also for school girls. Thrift Stamps can be purchased from 9 to 11 a. m.

Take Pleasant Trip
Mr. and Mrs. W. J. Leiser and their grandsons, Floyd and Raymond Leiser, motored to Santa Barbara today, with Floyd at the wheel, to spend a few days with F. A. Hoefler, first vice-president of the Santa Barbara County National Bank, a life-long friend of W. J. Leiser, formerly of Lafayette county, Mo., where Mr. Hoefler and Mr. Leiser were in the banking business. Mr. Hoefler was vice-president of the Lexington Savings Bank and Leiser cashier of the Bank of Cordev, Cordev, Mo.

Red Cross Menu
The Red Cross menu for tomorrow will be hot meat loaf, tuna salad, potato salad, fruit salad, pimiento cheese sandwiches, bread and butter sandwiches, prune whip pudding, tapioca pudding, wafers, home-made pies, iced tea and coffee.

Roosevelt School Meeting
There will be a meeting at Roosevelt school on Tuesday at 1:30 p. m. in the Roosevelt kindergarten. All mothers and friends are invited to attend and help sew. There will also be a sale of thrift stamps at these weekly meetings instead of Saturdays as heretofore announced.

Leipsic's Employees Entertained
Employees at Leipsic's were royally entertained at Balboa Friday evening by Mr. and Mrs. H. Leipsic. There were about twenty in the party and they had a delightful evening dancing, boating and bathing, to say nothing of the good "eats." The employees greatly appreciated the courtesy of their hosts.

Gifts Are Appreciated
Miss Hazel Bemis is in receipt of an appreciative letter from the French Society for Relief of Wounded Soldiers in response to gifts recently sent.

City Motorcar Chas. Keeley would like to get acquainted with the automobile owner who on Saturday afternoon backed his car into the motor-cycle owned by Keely and did considerable damage. The motorbike was left standing on Broadway near Fourth.

Frank Hessler, the 7-year-old son of Mr. and Mrs. F. C. Hessler of Redondo, died last Saturday night. Funeral services will be held at Ingleswood tomorrow. Mr. Hessler formerly lived in this city and is a brother of H. H. Hessler of this city.

One of the most realistic scenes in "Hearts of the World" is that showing the discharge, in rapid succession, of a long line of tremendous guns. Mr. Griffith, with remarkable accuracy and a complete understanding of the interest in this particular feature of the war, shows the exploding of these shells many miles distant from the place where the guns are firing. The ruthless, appalling devastation resulting from these bombardments, is shown in the remarkable view of the French villages under shell fire. Not only is the setting and firing of the guns shown to the audience, but the bursting of the shells in the heart of the village, and the resultant havoc wrought.

"The conduct of the war," explains Mr. Griffith, "is quite puzzling to the average layman. Men usually expect that there shall be some reasonable excuse for the firing of priceless ammunition. Not so. All the Germans know is that somewhere, in some bright and happy little home, the shell will fall. Somewhere innocent children will be mowed down in their tracks. The Huns do not stop to count values. Theirs is but the brutal, blood-thirsty business of killing, where or whom they know not, nor do they care. Throughout all their activities the Prussians maintain this constant bombardment of villages, striking down the inhabitants, burning the churches, destroying everything that might come within range of their shells, regardless of whether the destruction will be to their advantage in the conduct of the campaign."

Truly "cannons have no eyes."
"Hearts of the World" is now being shown, three performances daily at the Temple Theatre, today and tomorrow. Performances begin at 2:15 p. m., 6:00 p. m. and 8:45 p. m.

Their dues was also contributed to the McDowell memorial fund which is now caring for returned sick and wounded musician soldiers.

The two French Sections have worked faithfully, the beginners having also paid ten cents per member at each meeting, part of which has gone to the Day Nursery and part to the Red Cross. The Tustin Economics gave ten cents apiece at each meeting to the Day Nursery, and among its other good deeds the 6th Economics made 160 garments and donated 8 pairs of shoes and \$3.50 to the Nursery.

W. S. S. PURCHASE UP TO QUOTA JULY 1

Six Months Gone and Postoffice Shows \$150,000 Maturity Value Sold

Santa Ana not only went over the top last week but she is today right up to her quota in the purchase of stamps. Sales at the post office last week were boosted by \$42,330.25, maturity value, bringing the maturity value of stamps sold through the office to over \$150,000. This brings the city right up to the minute in its quota, as one-half the year passed at midnight last night.

The city's quota is \$300,000, and pledges and stamps that will be purchased during the balance of the year without being pledged will wipe out the other half of the quota. Compilation of data from the pledge cards shows that the pledges are pretty evenly distributed through the remaining months of the year. In many instances pledgers who were not certain as to what month they could take up their obligation made the payment in December, and because of this, December pledges are greatly in the majority. Many of the pledges, however, will be redeemed before that date.

Some complaint is being made by certain cities in the county that their quota is larger than it should be, when based on population. The quota was based on the estimated population of over a year ago, and since that time 1400 or more men have been called from the county into war activities, and they alone represent \$28,000. The 1400 is all there is local record of and it is believed that more than that number of men have left the county to go into war preparation. Were the county quota based on the population at this time, the county probably would have \$40,000 to \$50,000 less to raise.

ARREST NINE IN ROUGHHOUSE AT NEWPORT; MAY HOLD ONE

Secret Fraternity Initiation Is
Made Occasion For Free-
For-All Fight

NEWPORT BEACH, Cal., July 1.—Because they were refused admission to the dance at the Balboa pavilion Saturday evening, nine members of a Los Angeles secret fraternity society started a free-for-all fight in front of the pavilion, which resulted in their arrest.

The young men came down to Balboa Saturday for a week-end outing and also to initiate a number of new members in the mysteries of their fraternal order. On account of some of the costumes worn by the men and their loud and boisterous actions, they were refused admission to the dance, and to relieve their injured feelings they immediately began to stir up trouble. Two of the young men attempted to gain admittance by scaling the side of the building and crawling into a window, but were discovered and promptly ejected.

Baffled in their efforts to get into the dance hall, the young men turned their attention to I. Weiner's candy kitchen, one of them tearing a sign off of the building. When the owner remonstrated with them, it appeared to be a signal for a general attack, and the trouble hunters made an effort to upset the candy stand. A battle royal followed, in which two of the fraternity men were knocked out by Eddie Markovich, who is employed at the pavilion. In the melee the owner of the stand received a black eye, but the Los Angeles men were quickly routed and beat a hasty retreat without accomplishing their object.

The fight was over before City Marshal J. A. Porter arrived on the scene, but a warrant was sworn out charging nine of the young men with disturbing the peace and they were all placed under arrest. A Crown stage which had been chartered by a party of young folks from Orange and Santa Ana was commandeered by Marshal Porter and the whole bunch taken to the county seat city.

Justice Leo Goepfer let them out on payment of bail at \$10 each. Their trial was set for Monday morning at 10 o'clock before Judge Goepfer, but none of them appeared.

Those arrested were: H. Johnson, 1005 West Twenty-eighth street; C. R. Hite, 320 South Serrano street; J. Phillips, 1125 Third avenue; R. Lacy, 3200 Wilshire boulevard; B. Erkenbrecher, corner Wilshire and New Hampshire avenue; Frank A. Sheedy, 634 West Eighteenth street; Thomas Brown, Jr., 6713 Kenwood avenue; Albert Rodgers, all of them being from Los Angeles.

Frank A. Sheedy claimed to have enlisted in the navy and was to report for duty Monday morning. He was also accused of assaulting Miss Ruby Yeargan of 211 South Cambridge street, Orange, while she was strolling on the beach with a girl friend. She was attacked and her waist nearly torn off by her assailant before he was finally driven off. An additional complaint may be lodged against Sheedy for this more serious offense.

SHOUP ASKS EMPLOYEES NOT TO STRIKE, SAYS WOULD AID GERMANY

He Also States Operation of
Pacific Electric Will Con-
tinue Regardless

LOS ANGELES, July 1.—Declaring the threatened strike of Pacific Electric Company employees would be an aid to Germany, President Paul Shoup today issued a statement asking the men not to strike. Simultaneously, he states the operation of the system will continue regardless of final strike action.

In his statement, Shoup declares such a strike would cripple car service to Los Angeles harbor, with a resultant slow-up in the construction of ships there for the government. It states the men's wages have been increased 40 per cent since 1915.

The result of a secret vote by the motormen and conductors Saturday night has not been announced. There is at unconfirmed rumor among the trainmen that Director General McAdoo will be here soon to work for a settlement of the impending trouble.

—W. S. S.—

PREPARE TO DISBURSE \$5,000,000 BACK PAY

SAN FRANCISCO, July 1.—Southern Pacific officials have a squad of accountants busy today, figuring up back pay of the several thousand Southern Pacific employees, in order to make the payment of increased wages recently ordered by Director General of Railways McAdoo.

The wage increase will mean approximately \$1,000,000 additional monthly for Southern Pacific employees and it dates back to January 1, so that \$5,000,000 in back pay will be distributed in the next few weeks.

NARROW ESCAPE FOR 7 U. S. ASSOCIATION WHEN AUTO TURNED OVER IN DITCH GOLF TOURNAMENT IS FOR RED CROSS

A. Nagel of Anaheim and
Party Have Accident Near
Westminster Sunday

Seven people narrowly escaped serious injury yesterday afternoon on the Huntington Beach road near Westminster, when their car turned on its side in a five-foot ditch at the side of the road. The party included Mr. and Mrs. A. Nagel of Anaheim, their sister-in-law, Mrs. A. C. Nagel and daughter, Louise, of Los Angeles, and George and Will Kohlenberger. The accident happened, it is said, in front of W. Dean Johnston's place about 4:30 Sunday afternoon, as the party was on its way to Long Beach for the evening.

Nagel, who was driving, claims a young man employed by Jonathan Bixby turned suddenly out of the Johnston driveway into the road directly in front of him. To avoid striking the machine, Nagel turned his car sharply, causing the left front wheel to throw its tire, and the machine careened over into the ditch, where it lay on its side. All the occupants were able to extricate themselves. Mrs. Nagel of Los Angeles received a blow on the head and was taken to Garden Grove for first-aid treatment and from there to Anaheim. She is not seriously injured, it was reported today, and appears to be suffering only from nervous shock. None of the others were injured other than minor bruises.

—W. S. S.—

BARTON HAS RETURNED; FISHING 'COMING BACK'

Fishermen should take notice that fishing is "coming back" at Newport Beach—and the reason for it "coming back" is that Charles A. Barton has returned to his old haunts. Mr. and Mrs. Barton have been residing at Upper Mattole, Humboldt county, for the past four years, and will make their home either in Santa Ana or Newport Beach.

For years prior to their removal to the north, Barton was a familiar figure on the wharf at Newport Beach and was known to fishermen throughout Southern California as a standby. Fish always bit well when Barton was on the wharf.

Assemblyman Joe Burke gave Barton a warm welcome this morning and declared that he had not been able to catch anything at Newport since Barton left. The two old fishing cronies arranged for another "seance" on the wharf and when they do some old-time fishing stories may be expected.

Barton has been farming a 110-acre ranch at Upper Mattole. He has sold out and returned to this section to be near his relatives. Mrs. Barton also will be welcomed by her many friends.

N. W. HAWKINSON IS BURIED AT UPLAND

N. W. Hawkshaw, for many years a resident of this city, died Thursday at his home here. He was formerly a contractor and builder in Upland, where he lived previously to coming here, and was 75 years of age. Aside from the widow, there survive, H. W. Hawkshaw of Upland and Andrew Hawkshaw of St. Paul, Minn., sons and Mrs. Carman of London, Ont., Can., and Mrs. Anna Youngstrom of Upland, daughters.

Funeral services were held at the Draper chapel in Ontario Saturday at 2:30 p. m., conducted by Rev. Eubanks, pastor of the St. Mark's Episcopal church, Upland, while the burial service, at Bellevue Cemetery, was in charge of the Ontario Masonic Lodge, of which deceased was long a member.

Orange County Country Club
Play Proceeds to Go to
Local Society

The Fourth of July tournament to be held by the Orange County Country Club is a Red Cross affair. The tournament is to be held under the rules and regulations sent out for Fourth of July tournaments by the United States Golf Association. Prizes, banners and medals are offered by the national association.

Play at the Orange County Country Club will be \$1, and the player for that fee can play both morning and afternoon.

RABBIS DISCUSS AID FOR 60,000 JEWS IN U. S. ARMY

'Germany Is Last Hater of the
Jews,' Says Rabbi Louis
Grossman

CHICAGO, July 1.—Plans for workmen back of the lines aiding the sixty thousand Jews in the American army were discussed here today by rabbis in the thirty-ninth meeting of the Central Conference of American Rabbis.

"Germany is the last hater of the Jew," said Rabbi Louis Grossman, Cincinnati, president of the conference. "The emancipation of the Jew in Russia was an epochal event and now Germany will be powerless to enslave our people."

"The capture of Jerusalem opens a great vista for our people. General Allenby of the British captured the Jewish heart when he captured the Holy City."

The rabbis will be in conference most of the week.

GIRLS WAR SERVICE LEAGUE WILL GIVE INDOOR FETE 12TH

The Girls' War Service League of Santa Ana is to give an indoor fete for the benefit of the Red Cross canteen fund. The fete promises to be one of the biggest of the summer's Red Cross affairs. It is to be held in the dining room of the Elks' hall, and will be full of feature attractions. There will be booths, singing, vaudeville and various attractions arranged by the league, which is one of the active war organizations of the city. The fete will be held on the 12th.

—W. S. S.—

JOHN B. WARREN DEAD
CHICAGO, July 1.—John B. Warren, prominent in the sport and theatrical world, was dead here today. He was president of the Showmen's League of America. He was interested in several racetracks, notably at Hot Springs and Columbus, Ohio. Warren was active last week in arranging for burial of the Hagback-Wallace circus wreck victims.

ORANGE CO. GETS TEN MILLION DOLLAR RAISE IN ITS ASSESSMENT

FULLERTON OIL FIELD BOOSTS COUNTY UP TO \$76,000,000

Rolls Turned Over Today By Sleeper to Board of Equalization

Orange county assessment for 1918.....\$76,165,110
Orange county assessment for 1917.....66,140,655
Increase in one year.....10,024,555

Showing an increase of over \$10,000,000 in the county's assessment, County Assessor James Sleeper today turned over the 1918 assessment rolls to the County Board of Equalization.

A large share of the increased assessment comes in the Murphy lease of the Fullerton oil fields, where there has been a big development in the last year.

Fullerton Doubled
The assessment for the city of Fullerton was nearly doubled. Last year the city's total assessment was about \$8,910,000. This year it is about \$17,000,000.

It was on account of the big jump in valuations that the assessor recorded for the Standard Oil Company that this year's personal property collections far exceeded personal property collections of any previous year. In cash, Sleeper and his field deputies have collected \$483,105.48 as tax money upon property not attached to real estate. When personal property was attached to real estate, the collection was not made.

Lower Tax Rate
The tremendous increase in assessment without doubt means that the

whole of Orange county will be given a lower tax rate this year.

While the total assessed valuation of Orange county as shown by Sleeper's rolls today is \$76,165,110, a portion of that is what is known as operative property, which is not subject to taxation by the county, it being subject to taxation by the state. Last year Orange county's tax rate was upon a total valuation of \$59,990,265.

This year the total for county levy is \$70,911,985.

The total assessment of \$76,165,110 is divided into the following items: Assessment on real estate, improvements and personal property, \$59,923,795.
Soldiers' exemptions, \$291,440.
Personal property, \$19,958,190.
Operative personal property, \$1,626,320.
Operative property, \$3,365,385.

CITY PLAYGROUNDS ARE OPENED TODAY

Donations to the Fund May Be Left at the Register Office

The Santa Ana children's playgrounds were opened for the summer this morning and will be maintained throughout the months of July and August. Scores of children will be given healthful entertainment at these playgrounds, and the call for financial aid will doubtless meet with ready response. The P. T. A. playgrounds committee is asking for cash donations.

Some more money is needed to make the work a success. These donations may be left at the Register office or may be given either to the committee chairman or secretary, Mrs. J. R. Baker or Mrs. J. W. Sackman.

The playgrounds opened this morning with Miss Isabel Anderson in charge at Lincoln school grounds and Mrs. Emma Barnes at McKinley school. The supervision by them is from 9 a. m. to 12 noon and from 2 p. m. to 5 p. m., daily, except Sunday. Discipline is necessary and will be maintained. Rules governing the conduct of children are the same as those governing the conduct of school children upon the grounds.

Donations of magazines, books and games are sought. These may be left at the school grounds of McKinley or Lincoln schools during playground hours, sent there by children, or left at the Register office.

W. S. S.
PAROLE PRISONERS TO HARVEST CROPS, PLAN

LOS ANGELES, July 1.—Paul Valles, deputy county consul, has recommended to the board of supervisors that they arrange the parole of county jail prisoners serving sentences for misdemeanors, in order that the prisoners may help harvest the 1918 crops.

LIGHT SERVICE INTERRUPTED BY STORM

Freak Electrical Storm Visits Southern California on Last Day of June

The war has raised Cain with the usual trend of everything and freak weather that visited Southern California in June might also be attributed to the same source as high prices and the change in conditions throughout the country.

Thunder, lightning and rain—the latter not enough to measure—featured the last day of June, and last night the electric lighting system of this city and practically every city in Southern California was interrupted. Locally the service was interrupted about 9:30 o'clock, being cut off at one period from 15 to 20 minutes.

The electrical storm of yesterday and last night was unusual for this section at any season of the year and for June exceptionally unusual. Railroad systems were put out of commission temporarily, caused by lightning interfering with substations in the mountains. Santa Ana and Orange county are fed through the Long Beach plant, and so far as trouble here was concerned it showed as developing between here and Long Beach. The whole system is tied together, however, and the trouble may have been in the generating plants in the Santa Ana canyon. Manager Deimling has not been informed as to where the trouble was the most serious.

Two forest fires were started in different parts of Southern California by the electrical storm. The fires were extinguished before they gained headway. Street car service was tied up in Los Angeles for a time.

W. S. S.

GAVE SUSPENDERS TO RED CROSS, SAT DURING STAR SPANGLED BANNER

SANTA MONICA BEACH, June 29.—"I gave my suspenders to the salvage department and I didn't dare do it," replied William Payne, a visitor from El Paso, when Police Captain Clarence Webb demanded why the former did not stand at the playing of the "Star Spangled Banner" at the conclusion of the Chiapparelli Band concert.

"It's a fact," he continued, throwing open his coat and vest for the inspection of the police captain. "I've got to sit here till John, my brother, comes back with a new pair or with some safety pins. A girl came along collecting salvage and I was sitting over there in the sun without my coat and vest, showing off a new pair of suspenders. John dared me to

give 'em up for salvage, and I called him. I gave the suspenders to her and never thought about having to stand up for the National Anthem. I got over here by 'hitching up' a time or two all right, but to stand up, take my hat off and hold it on my left breast, which is the proper thing to do, is too big a chance to take. I'm patriotic, but you see what a fix I'm in."

"I sure do," said the officer.

CLOSE IMPERIAL STORES SATURDAY AFTERNOONS

IMPERIAL, July 1.—Practically all stores in Imperial have agreed to close their doors Saturday afternoons beginning July 6 and to continue the practice until September 14. This will allow merchants and employees to keep fit by enjoying week-end vacations.

W. S. S.

KETTNER ANNOUNCES HE WILL RUN AGAIN

Statement Issued By Him Says That He Has Rejected Los Angeles Offer

Congressman William Kettner of San Diego will remain in Congress for another term if that is the wish of the voters of the Eleventh California District. He has prepared a formal statement in which he says that he feels under the circumstances it is his duty to remain where he can use his experience for the benefit of the district during this time of war stress. Earlier in the year Kettner received an attractive offer from a large firm in Los Angeles and tentatively agreed to accept it. This offer included a contract for a number of years and was of a nature that appealed to him, but upon the urging of his friends, both in his party and outside of it, he has agreed to again run for Congress.

Kettner is preparing to invite the Naval committee, the ranking members of the Military committee and other prominent members of the House to inspect the harbors of the Pacific coast that are especially involved in the Helm report. This report calls for special improvements in San Diego, Los Angeles, San Francisco, Oakland and Alameda, and the proposed inspection is to be made next March. The party will leave Washington about March 2 and will visit all the ports mentioned.

W. S. S.

CHEAPER DISTRIBUTION OF MILK IS PROPOSED

RIVERSIDE, July 1.—Riverside county dairymen are preparing a plan to be presented to county authorities whereby milk distribution throughout the county will become a municipal function. If this fails they plan to form a co-operative association and pool their interests.

APRICOT CAMPS ARE OPENING; PLENTY OF WORKERS

Pitting Begins Here This Week; 30 Cents a Box Paid By Association

This week sees the beginning of the apricot harvesting season in the Santa Ana district, several of the camps opening up this week, and by next week practically all camps will be open. The El Toro crop is usually earlier than here, and pitting began there last week.

The C. C. Collins Company is beginning pitting this week for the dried fruit association, only a very few workers as yet being employed. In compliance with a recent decision of the association directors, the Collins company will pay pitters at the rate of 30 cents a box of 100 pounds, the same rate as prevailed last year. On account of the fine quality of the fruit this year, however, Mr. Collins states the 30 cents this year will be practically the same as 40 cents would have been for last year's fruit.

With the crop less than 50 per cent of normal, drying this year will not be heavy, and there will be plenty of workers, according to growers, women and girls by the hundreds applying for jobs in the various drying camps.

It is reported that at Hemet, where there is lots of fruit and help is difficult to get, that 40 cents a box is being paid, and the industrial welfare commission recommends 35 cents a box, which some dryers here may pay, but because of the crop shortage, the fine quality of the fruit which makes it easily handled, and the plentiful supply of workers, the prevailing wage rate may be kept at 30 cents a box until definite rates are prescribed by the wage commission.

Order 10 Does Not Apply

Apricot and walnut growers are not governed as to wages paid their employees by Order No. 10 of the Industrial Welfare Commission of California, according to a letter received by Harry W. Lewis from Mrs. Katherine Phillips Edson, executive officer of the commission. She recommends, however, that the same piece work rate prescribed for canneries be used in the apricot drying yards. The canneries piece work rate for apricots is: 100 pounds, 35 cents; 50 pounds, 17 1/2 cents; 45 pounds, 15 1/2 cents; 40 pounds, 14 cents. Definite orders for wages of women and girls working in the walnut and apricot harvests may be issued later.

Answering inquiries both as to walnuts and apricots, Mrs. Edson writes as follows:

The commission does not consider the cutting and drying of fruits on ranches as coming under our Order No. 10 for Unskilled and Unclassified Occupations, nor under our Order No. 8 for Packing Houses; neither does it consider the picking of walnuts and prunes as being under No. 10. The commission reserves to itself the right which it has under the law, of making future orders for such occupations if at any time it seems wise or the conditions exist that would make it necessary for the commission to take such action. However, that will be in a future order and not under any of the present orders so far issued by this commission.

I am enclosing with this the recent order in the Canning Industry just to show you what the commission considers a fair piece rate to be paid in that industry. It is understood that the cutting of fruit for drying is not quite as skilled an occupation as for canning, but I personally believe that the time taken in spreading the fruit uses up as much of the woman's time as if she were sorting fruit carefully into grades. I would, therefore, recommend that you use the same piece work rate in your dry yards as we have set in our order for canneries.

One of the complaints we have had from dry yards generally has been that, although they would pay a fair rate of wages, they filled up the boxes so full that a woman was really not getting her real rate. For instance, last year we found that many boxes supposed to be 40 lb. boxes carried from 44 1/2 to 47 lb., the women being paid only on a 40 lb. basis.

I shall be very glad to answer any questions and I hope that when the time comes for this commission to take any action in your particular industry, we may have your cordial cooperation.

W. S. S.

NEW BURBANK WHEAT TO INCREASE SOIL'S YIELD

OAKLAND, July 1.—Luther Burbank will soon announce perfection of a new grade of wheat which he expects will increase the wheat yield at least 50 per cent, it became known today.

CALUMET BAKING POWDER SAVES THREE WAYS

—A moderate priced Baking Powder of greatest merit. Honestly made. Honestly sold. Economical in every way. Every particle is full of actual leavening value. A full money's worth.

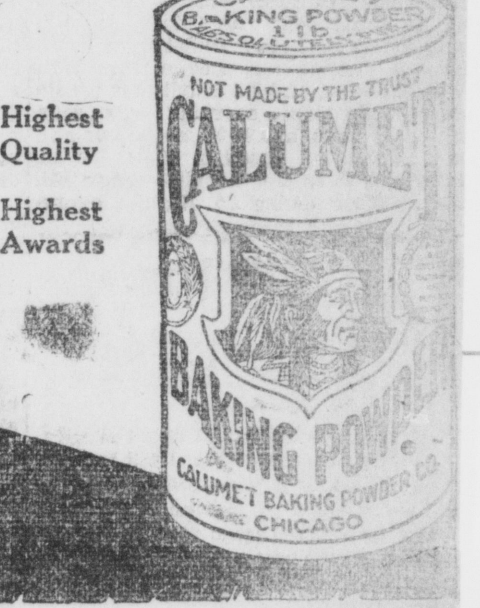

—You save time when you use it. Calumet is all baking powder. It begins to raise bakings the instant they are put into the oven. You don't have to keep "peeping" to see if bakings are all right. You know they are. Calumet is sure—never fails. That's economy. And true economy—in cost—in use—in time.

One trial will prove it and show you in results why millions of shrewd, thrifty housewives prefer Calumet to all other brands.

The unfailing strength of Calumet guarantees perfect results. Not only saves flour—sugar—eggs, etc.—but saves Baking Powder. You use only a teaspoonful—you use two teaspoonfuls or more of most other brands.

Calumet contains only such ingredients as have been approved officially by the U. S. Food Authorities.

ORDER TO SHOW CAUSE WHY APPLICATION FOR CHANGE OF NAME SHOULD NOT BE GRANTED.

In the Superior Court of the State of California, in and for the County of Orange. In the matter of the application of Harry Branner.

Harry Branner, having this day filed his petition for changing his name to that of Max Green, it is hereby ordered that all persons interested in said matter appear before this Superior Court in Department 2 thereof, on the 9th day of August, 1918, at 10 o'clock of said date to show cause why the application for change of name should not be granted.

It is further ordered that this order be published for four consecutive weeks in the Santa Ana Daily Evening Register prior to said hearing.

Dated this 24th day of June, 1918.
W. H. THOMAS, Judge of the Superior Court.

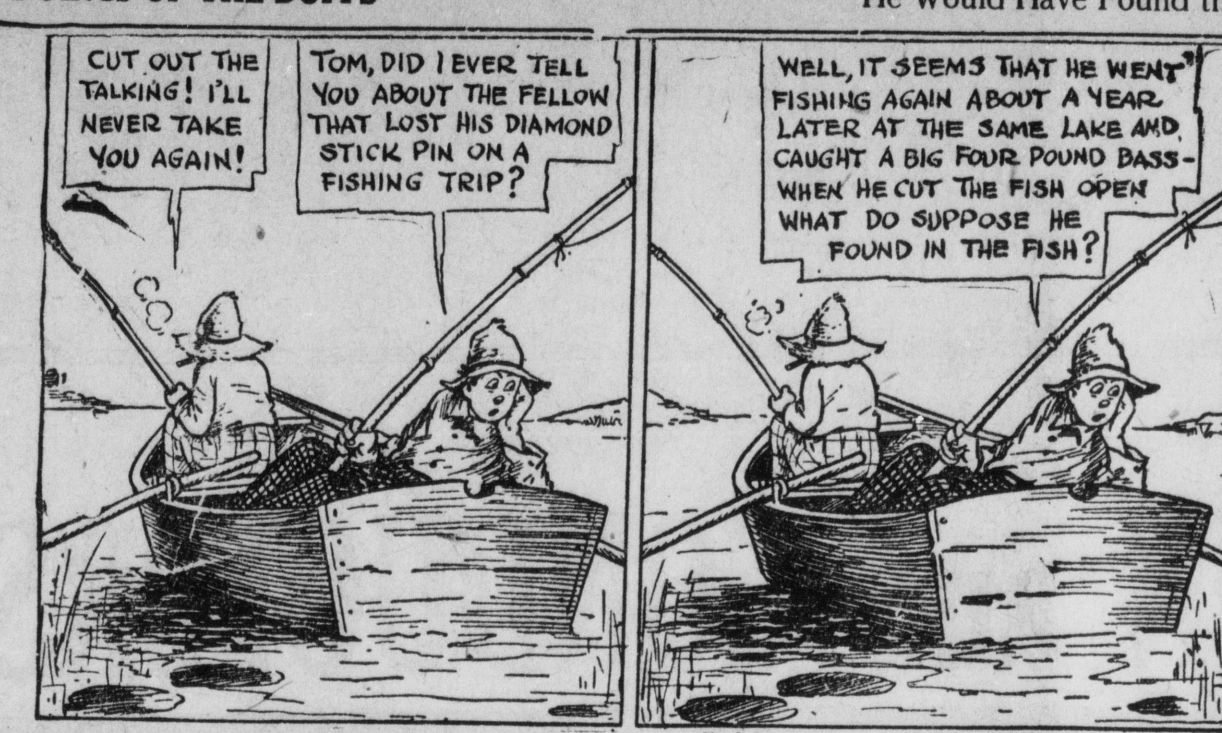

NOTICE FOR PUBLICATION OF TIME OF PROVING WILL, ETC.

In the Superior Court of the County of Orange, State of California. In the matter of the estate of Milton E. Durkee, deceased.

Notice is hereby given that Friday, the 13th day of July, 1918, at 10 o'clock a. m. of said day, at the Court room of this Court, in Department 2 thereof, in the City of Santa Ana, County of Orange, State of California, has been appointed as the time and place for hearing the application of Alice S. Durkee, praying that a document now on file in this Court, purporting to be the last Will and Testament of the said deceased, be admitted to probate, that Letters Testamentary be issued thereon to said Alice S. Durkee, at which time and place all persons interested therein may appear and contest the same.

Neuvo Ranch Land Should Soon Pay For Itself \$250 An Acre!

Neuvo Ranch soil is highly productive. It produces good crops of potatoes, onions, vegetables of all kinds, as well as alfalfa and other forage crops. For several years to come all kinds of farm products will bring big prices. The man who buys land now and plants it to crop can't help but make money. Ranchers at Neuvo are actually paid for their land from the proceeds of crops raised between rows of trees. This land is well adapted to deciduous fruits—apricots, peaches, walnuts and olives. Neuvo Ranch is located in the rich San Jacinto Valley where ranchers are realizing enormous profits from their orchards. Experts have pronounced Neuvo Ranch land as good, if not better, than any other land in this section. Neuvo is a settled community with stores, good schools and social advantages. Ready markets; good transportation facilities; electricity for cooking, lighting and farm power. 3 hours ride from Los Angeles. 16 miles from Riverside; excellent mutual water system with low cost of operation; invigorating climate; altitude. Neuvo Ranch is an ideal place to live and make money. The following letter was received from a former Orange County man who bought land at Neuvo: "Gentlemen: I took \$2825 worth of potatoes off of eight acres. These potatoes were planted between the rows of apricot trees. There are great farming possibilities here at Neuvo. The soil is wonderful and the water supply is good. Neuvo Ranch is one of the best sections for potatoes, alfalfa, apricots and peaches I have ever seen. I bought 17 acres here two years ago, planted to two-year-old apricots. Later I bought 40 acres more. This is sure proof that I am strong for this land. I have sold three acres of the Santa Ana district where I farmed eight years. I can say enough good things about Neuvo. Every farmer who wants to better himself ought to come and see what we have here." (Signed) EARL M. HARVEY. Mr. Harvey's letter is only one of scores of enthusiastic letters which we have received from Neuvo ranchers. Get our free booklets and learn more about Neuvo—one contains 20 testimonial letters, and the other answers 120 questions about Neuvo Ranch.

To MOTORMEN and CONDUCTORS

PACIFIC ELECTRIC RAILWAY

You have been asked by outside steam line union agitators to strike, with no reason except to secure recognition of unions.

Do YOU know what that means?

It means aid to the Huns. It means efforts to cripple transportation to Los Angeles Harbor and thereby cripple ship construction; yet more and more ships, AS QUICKLY AS POSSIBLE, are vital that our Southern California boys, on European battlefields, be not helplessly slaughtered.

Do YOU stand for that?

It means an attempt to cripple service to our Army and Navy at the Harbor.

Do you stand for that?

Your wages have been raised five times voluntarily in thirty months—you who were in service in December, 1915, are getting on the average more than 40% increase since that date.

Is that unfair?

You are making on the average in street car service \$125 per month; interurban passenger service \$135 per month, and in freight service \$167 per month.

Your wages have been fixed on the exact basis of increase recommended by the National Railroad Wage Commission as adopted by the Director General of Federal Railroads. This was voluntary—the Pacific Electric is not a Federal road.

Don't you know that, according to the National Railroad Wage Commission report in December last year, 51% of the railroad employees of the United States received less than \$75 per month and 80% less than \$100 per month—and only 3% over \$150 per month?

Are not our wages living wages?

You get paid by the hour, so every hour you put in represents gain to you. Have you in mind what the National Railroad Commission said in its report of April 30th, as to hours of service during the war? It said—

"Manifestly, therefore, at this time, when men must be constantly taken from the railroads, as from all other industries, to fill the growing needs of the nation's army, hours of labor cannot be shortened and thereby a greater number of men be required for railroad work. The nation cannot, in good faith, call upon the farmers and the miners to work as never before, and press them-

selves to unusual tasks, and at the same time so shorten the hours of railroad men as to call from farm and mine additional and unskilled men to run the railroads.

"The Commission does not believe that the railroad employees really want thus to hamper the transportation facilities of the country in its hour of need."

Anything WRONG in this?

Do you know that in the President's Proclamation of March 29th last, incorporating as a part thereof the principles and policies to govern relations between workers and employers during the war, as adopted by the National War Labor Board, the one most emphasized was:

"THERE SHOULD BE NO STRIKES OR LOCKOUTS DURING THE WAR."

Do you know also, in the same Proclamation, it is stated that workers "shall not use coercive measures of any kind to induce persons to join their organizations, nor to induce employers to bargain or deal therewith?"

And that a policy by a company of dealing **only** with its own employees under "open shop" conditions shall NOT be deemed a grievance?

Are YOU going to **violate these policies?**

Are YOU going to be a party to a plan to tie up Southern California industries essential to winning the war by tying up transportation, AND THUS HELP THE ENEMY?

I don't believe you are. As for the Pacific Electric Railway, it has an obligation to meet; to keep its service going; to take care of passenger service to industries; to **protect all its loyal employees, AND THESE THINGS WILL BE DONE.**

I ask you to reflect carefully before you act. Consider this situation from the viewpoint of patriotic Americans who want a clean record through the war; one you will be proud of and that your children will be proud of.

Paul Shoup,
President,
PACIFIC ELECTRIC RAILWAY CO.
